6N/7D Itinerary

Secret Andalusia: Historic Towns and Southern Spain

Duration: 7 days / 6 nights | Destinations: Seville, Córdoba, Úbeda and Granada

Day-by-day itinerary

Day 1: Arrive in Seville

- Arrive in Seville and transfer to the hotel.
- Explore the surrounding streets at a relaxed pace, with time for cafés and local shopping.
- In the evening, enjoy Andalusian cuisine or an optional flamenco performance.
- Overnight in Seville.

Day 2: Seville's historic quarter

- Visit the Real Alcázar of Seville, a royal palace complex known for its architectural detail and gardens.
- Explore Seville Cathedral and the surrounding Santa Cruz neighborhood.
- Keep the afternoon free for a leisurely lunch and independent exploration.
- Overnight in Seville.

Day 3: Córdoba

- Travel to Córdoba by train, approximately 45 minutes to an hour.
- Visit the Mosque-Cathedral of Córdoba and explore the historic Jewish Quarter.
- Walk through the flower-filled lanes and courtyards before returning to Seville or staying overnight in Córdoba.
- Overnight in Córdoba.

Day 4: Úbeda and the olive country

- Travel to Úbeda, a historic town recognized for its Renaissance architecture.
- Explore Plaza Vázquez de Molina and its surrounding historic buildings.
- Arrange an optional olive oil estate visit and tasting in the surrounding Jaén province.
- Overnight in Úbeda or nearby, depending on the accommodation selected.

Day 5: Travel to Granada

- Drive or arrange a private transfer to Granada.
- Check in and spend the afternoon exploring the historic center.
- Enjoy dinner at a restaurant overlooking the city or the Alhambra area.
- Overnight in Granada.

Day 6: Granada and the Alhambra

- Visit the Alhambra and Generalife, with reservations for the relevant areas.
- Explore the Albaicín quarter and its traditional streets.
- Leave the late afternoon free for shopping, cafés or a relaxed dinner.
- Overnight in Granada.

Day 7: Departure

- Enjoy breakfast before transferring to Granada Airport or Málaga Airport, depending on flight availability and onward connections.
